Crystal White Collection

The Perfect Accent to any room.

Our Crystal White Collection is an easy way to bring a classic finish into your home. It doesn't need any paint because it is prefinished and it's lightweight making it easy to install. The polymer-based substrate is moisture resistant making it perfect for every room including basements, bathrooms and kitchens.

Our Crystal White Collection Mouldings are the ideal way
for you to add style and beauty to your home.
Our mouldings are lightweight and come prefinished
making them an easy weekend project.
The Crystal White Collection comes in a wide variety of profiles
that give you the appearance of expensive, hand-finished moulding
giving you the perfect accent for your room.

Why Prefinished Moulding Makes More Sense:

Prefinished

Unlike wood there's no sanding,
painting or staining needed, saving you time and effort.

Moisture and Water Resistant

Perfect for bathrooms and kitchens
because it doesn't rot or warp like wood.

Easy to Use

Lightweight material makes it a one-person job,
from handling to cutting to nailing.

Consistent Finish and Color

Free of voids and knots, so each piece is 100% usable.

Crystal White Collection

WALL

113 · Casing
