

Inteplast Deck, Dock, & Porch

Inspired by nature and improved by technology, elevate your outdoor living space with the unrivaled performance of Inteplast Building Products.

Inteplast Deck Variegated Colors

Cover Page Gray Walnut ① Burnished Maple

Our technology enables your deck to retain its color and charm against outside elements. Costly, continual upkeep will be a thing of the past. Don't sacrifice your time, energy, or money on your deck when you should be relaxing and enjoying your life outdoors.

Transform any outdoor living space with a deep, rich colored deck. Inteplast's Variegated Color Collection shows off the distinctive beauty of exotic hardwood with multi-toned streaking and a choice of reversible Teak and Cedar woodgrain finishes.

② Warm Walnut ③ Red Cedar

Inteplast Deck & Dock Solid Colors

Start the first step of any outdoor living space with a great finish that will last. Inteplast's Solid Color Decking is designed to emulate painted hardwood with reversible Teak and Cedar woodgrains and engineered to perform beautifully through the seasons.

Inteplast Dock features the capability to span 24" and is reversible with Teak and Cedar woodgrain finishes. Offering unmatched performance, exceptional durability, and the advantage of being lighter weight than composites. Its resistance to moisture and superior color retention makes it ideal for rainy and coastal areas as well as regions that experience more sun.

① Gray Deck ② Desert Brown Dock

Inteplast Porch

The unmatched capstock performance not only offers durability, but long-lasting color retention. Designed with a tongue & groove system in four rich colors with reversible Teak and Cedar woodgrain finishes to give you options to create that first step into your home.

Give your home a classic look with Inteplast Porch. Bring traditional charm, elegance and style to your doorstep and forget about the worries that come with traditional wood porches.
